DATA SHEET

Metal Protector

High-Performance Spray-On Metal Surface Protectant

Metal Protector (AMP) is a high-performance, easy-to-use spray-on product that lubricates, displaces moisture, protects against corrosion and penetrates to free rusty parts.

Metal Protector effectively lubricates moving parts, silencing squeaks without gumming up mechanisms. It displaces freshwater and saltwater moisture to help prevent corrosion, and it is the product of choice for drying and protecting electrical and ignition systems. MP penetrates deep through rust and corrosion to restore movement of rusty parts. It contains no silicone, and is compatible with plastic, leather, fabric, fishing line and paint.

- **Cuts through** rust and frees frozen components.
- **Helps protect** against rust and corrosion, even in salt water.
- **Displaces** water.
- **Stops** squeaks.
- **Cleans.**
- **Sprays into** hard-to-reach places.
- **Protects** electrical equipment.
- **Lubricates** moving parts.

Recommendations

Shake well before use. Spray product on area to be treated. For best results, do not wipe off. Film carrier will evaporate, leaving MP protection in place. Disconnect power source to electrical equipment before spraying.

Product Availability

AMSOIL Metal Protector is available in 4-oz. and 8.75-oz. spray cans. The 8.75-oz. spray cans are available in Canada with stock code CMP.

Disposal

Aerosols may have different disposal requirements than other wastes in your area. Dispose of contents and container in accordance with all federal, state/provincial and local regulations.

Technical Services

For immediate answers to your technical questions call (715) 399-TECH (8324) between 8 a.m. and 5 p.m. Central time or email tech@AMSOIL.com.
